BROKEN LOT SALE OF

SALE
BEGINS
Saturday!

Shoes

SALE
BEGINS
Saturday!

A Peculiar Event-- A sort of a one-sided affair. A sale that's all in your favor --Let's Explain.

In looking over our shoe stock we find small lots and odd pairs, a few sizes of different lots. These represent good quality at prices bought before the advance. They're to be sold at once, and in our determination to close them out, we neither look at the cost nor their value. They're marked to go—at prices that will make this a record-breaker in our value giving history.

27 pairs men's fine shoes in dark brown and black, Gun Metal, regular prices \$7 to \$9.50, Broken Lot price **\$5.95**

35 pairs men's grain heavy work shoes, Broken Lot price **\$3.95**

20 pairs girl's Viol and Gun Metal, button and laced, regular price \$3.75 to \$5.00, Broken lot price **\$2.95**

60 pairs Ladies' Viol, Kid, Gun Metal, button and laced regular price \$6 to \$7.50, Broken lot price **\$4.95**

55 pairs Boys' extra heavy solid leather for strong wear Broken Lot price **\$3.20**

25 pairs Children's shoes, assorted leathers and styles, Broken lot price **\$2.35**

The above Shoes are all on display with reduced prices attached. If you want real bargains, now is your chance to get them.

Ladies Stage Whist Drive

The ladies of Didsbury staged a Whist Drive on Friday evening in aid of the club funds of the local G.W.N.A. It was a great success both socially and financially, and the executive desire to thank the ladies for their generous efforts on behalf of the association. Thanks are also due to the Outfitters for use of the hall, and to the donors of the prizes. The prize winners were as follows:—1st prize, gentlemen, donated by Messrs. P.R. Reed and H.W. Chambers, A.Z. Weber, 1st prize, ladies, donated by Alex Campbell and W.F. Sick, Mrs. Hawkes; 2nd prize, gentlemen, Mr. W. G. Liesemer, A. Revell; 2nd prize, ladies, donated by Mr. Win Farrington, Mrs. H.W. Chambers; Booby prize, gentlemen, Mr. Bert Fisher, Booby prize, ladies, Miss Hardy.

Edmonton Spring Shows

The excursion rates of fare and one-third will attract many to the Edmonton Spring Live Stock Show, which opens on March 20th. The judging of the bulls takes place on Monday, March 29th, and the bull sale proper will commence on Tuesday morning. The horse sale is scheduled for Thursday, April 1st. Each evening of the week and the afternoons of Friday and Saturday are devoted to the giving of a splendid programme, including the showing of high steppers, carriage and roadster horses, saddle and jump horses, ponies, and the more spectacular heavy horse classes. In addition, there will be the ever-popular children's calf feeding competition, which always attracts large crowds of both country and city visitors; this year, there are also children's sheep and pig feeding competitions. The stampee features will be very popular. This is the first time that a program of this nature has been shown in Edmonton, and each afternoon and evening a 30-minute display will be given by Guy Wendick, (who promoted the Calgary Stampede.) Mr. Wendick has built up a number of his bucking horses, and Miss Flores LaDue and the famous "Strawberry Red" will give exhibitions of fancy and rough riding, roping, etc.

Calgary Horse Show

The way entries have come in for the 1920 Horse Show is excellent proof that Manager Richardson will carry out his plans to make this a real old time Calgary Horse Show. All classes will be well represented, while the jumping classes promise to bring back the famous night when D. P. McDonald's "Smoky" and Fred Lowe's "Hienheim" competed so successfully with the world famous Sifton horses in the high jump without a doubt from March 23rd to 27th inclusive will be five days of the best horse show ever held in Western Canada.

Mrs. J. Furbank was a visitor at Calgary for the week end.

The Business of Farming

The approach of spring, with the renewal of Nature's activities after the long rest of winter, inevitably leads also to a renewal of man's activities, especially in the lines of productive effort. In some countries climatic conditions permit of year-round agricultural work with a rotation of crops, and such climates also make possible the carrying on of out-of-door work of all kinds. This, however, is not true of Western Canada, where the major activities of both Nature and man are sharply divided by the seasons—a long period of rest and inactivity during the winter, and a time of activity during the late spring, summer and early fall months for surpassing that known in more southern climes.

And what is true on the farm is true in the cities and towns of the West. In other provinces and countries industrial activity is unaltered throughout the winter in factories and shops, but in the less industrially organized West hundreds of workmen who are busily engaged in the summer are largely idle throughout the winter. The carrying on of building operations, road and railway construction, and out-of-door work of all kinds is largely at a standstill for five months of the year.

These are fixed conditions well known to everybody, but people are frequently inclined to overlook their significance in the organization of their business activities, and in dealing with economic problems confronting them. These conditions have a direct bearing on both farm and city labor, on wage demands by the workers, on the purchase and transportation of all kinds of material. If the hired farm worker is engaged for only

six or seven months of the year he must, of necessity, earn sufficient to carry him through his winter months of idleness, or find other employment at a time when work is difficult to secure. The city worker engaged in the building trades must earn and lay by during the months of building activity a reserve fund to support himself and family during the winter when he cannot secure work, or can only do so by moving elsewhere at great expense and inconvenience to himself and family.

So, too, in the accumulation of supplies of materials of all kinds. These things, so essential to the doing of a maximum amount of work during the seasonable months, can only be assembled during the winter at a heavy cost of interest on money thus invested, insurance, storage, and transportation charges paid out. The net result is, of course, that there is frequently a shortage of supplies in the months when they are wanted, and an inevitable increase in the cost of work being done during the winter months owing to delays in securing requirements, and in the expense of handling rush orders.

These are annually recurring difficulties against which the people of the West have to contend. They probably affect the city employer and employee more directly than they do the farmer, but they react upon him and serve to intensify his problem of how to increase production of foodstuffs, for which the whole world is crying—and yet so do at a cost which will yield him a fair margin of profit on his labor and outlay, and not result in actual loss.

Western Canadian farmers are already preparing for active farm operations. A demand for farm help is reported by the Government employment offices throughout the West. Most farmers are anxious to crop every possible acre of land. They want to increase production. But many of them are in a quandary. They are fearful whether the costs of labor, machinery, farm necessities of all kinds, will not more than eat up any profits that may accrue to them from enlarged operations in the work of food production.

A difficulty with which most farmers find themselves confronted is a lack of data upon which to base any conclusion. Unlike the city business man, the average farmer does not keep books. He cannot tell from what phase of his farm operations in the past years he made money, or where he lost money. There are leaks in his business, but as there are in every business, but the city merchant has a means of finding them out and stopping them, while the average farmer has provided himself with no means of locating them.

Dr. Williams' Pink Pills can be obtained through any medicine dealer, or may be had by mail, post paid, at 50 cents a box or six boxes for \$2.50 from Dr. J. C. Williams Medicine Co., Brockville, Ont.

sell them. If the farmers of Western Canada could produce facts and figures of their business, as Eastern manufacturers and other business men can, he would be in a position to influence the enactment of much of the remedial legislation he now demands, but which at present he can only support by very general statements.

PALE, WAN CHEEKS A SIGN OF ANAEMIA

To Have Good Color and Health the Blood Must Be Kept Red

Many women who had good color and bright eyes in their girlhood grow pale and colorless and lose much of their charm when they become wives and mothers. Why is it? When the red color in the blood is lost, it is accompanied by a loss of brightness in the eyes and an increasing heaviness in the step, and it is to be sought in the state of the blood.

Many causes may contribute to the condition of the blood known as anaemia. Care of the home, overwork, lack of outdoor exercise, insufficient rest and sleep, unwholesome diet, are a few of them. The important thing is to restore the blood, to build it up so that the color will return to the cheeks and lips, brightness to the eyes, and lightness to the step. To do this, nothing can equal Dr. Williams' Pink Pills. They begin at once to increase the red corpuscles in the blood, and thus new blood can be sent to every part of the body. The appetite improves, digestion becomes perfect, and energy and ambition return. Proof is given in the statement of Mrs. Alex. Archibald, Cornwall, Ont., who says: "Two years ago my health began to fail. I was suffering from headaches, pains in the back and ribs, and a cross and tired feeling. I had no rest of any kind, but instead of it being me I seemed to be growing weaker. My friends suggested me to take Dr. Williams' Pink Pills, and while I felt disappointed at my experience with other medicines, I decided to try them. To my great joy, I soon found the pills were helping me, and they continued to do so for a time. I had been suffering for a long time, but I felt that I was getting better. I did not know of any experience with Dr. Williams' Pink Pills in the hope that it may point the way to health to some other poor sufferer."

Dr. Williams' Pink Pills can be obtained through any medicine dealer, or may be had by mail, post paid, at 50 cents a box or six boxes for \$2.50 from Dr. J. C. Williams Medicine Co., Brockville, Ont.

The Directions Book with each package tells how to diamond dye over any color.

To match any material, have dealer show you "Diamond Dye" Color Card.

Smelting Company Plans

The Consolidated Mining and Smelting company is making rapid strides toward new construction and improvements, which will not only increase the capacity of the big plant at Trail, British Columbia, in many ways, but will add another industry to the list. Present plans call for improvements in the copper refinery plant estimated at \$250,000; the erection of a red mill at an expenditure of \$200,000 and the erection of new equipment of a large addition to the machine shop.

Necessarily is not only the mother of invention, but the divorced wife of plenty.

Briqueette Plant Being Installed

Fresh Step in the Development of Lignite Fields in Saskatchewan

Considerable progress is now being made with the instalment of the plant for the making of briquettes at Blentford, near Estevan. Tenders are now being called by the Dominion government for the erection of the new buildings at Hudson Bay Mine.

The erection of the plant will be proceeded with as early as possible in the spring for the lignite utilization board. It is the intention of the board to have lignite briquettes on the market by August. The plant will cost in the neighborhood of \$400,000.

The construction of the plant at Hudson Bay Mine is the first step in the development of the lignite fields of Saskatchewan, which, it is stated, will give winter employment to hundreds of people in the province.

Sending Cotton Back Home Trouble for Everybody

Every Man for Himself Means

A British firm has returned to the United States 3,000 bales of cotton to avoid the loss which would be sustained when it is changed to British for American paper to make the payment. Nothing more ironical has happened in our economic history, says the New York Globe, which adds: "The rules of the game have begun to play havoc with our social arrangements. Every man for himself means trouble for everybody. Are the exporters in America and the importer in England to fight a silent duel to decide who must move first and take the loss on exchange? If so, we have a last convincing proof that whatever stimulus there was in our part in the war has been forgotten, and that we are out to squeeze Europe dry while the continent is helpless."

British Sewing Machines and Type-

One of the British manufacturing developments delayed by the war was the production of a new type of sewing machine. Already, however, large numbers of these British-designed and British-built machines are on the market. A still more notable development is the mass production of typewriting machines by more than one British firm. It is expected that the appearance of this supply will have a very marked effect on markets for these machines in all parts of the world.

New Telephone Building for Calgary

The Alberta government has closed a contract for the erection at Calgary of a reinforced concrete warehouse and office building for the telephone department. The cost will be \$67,000. The building will have two storeys and basement, and is being built strong enough to carry a third storey.

DANDRUFF SOON

GETS YOUR HAIR

Let "Dandérine" check nasty
scurf and stop hair
falling out

To stop falling hair at once and rid
the scalp of every particle of dandruff,
get a small bottle of "Dandérine" at
any drug or toilet counter for a few
cents, pour a little in your hand and
rub it into the scalp. After several
applications the hair usually stops
coming out and you can't find any
dandruff. Soon every hair on your
scalp shows new life, vigor, bright-
ness, thickness and more color.

No traces of the settlements estab-
lished in 986 in Greenland have ever
been discovered.

WEDNESDAY, MARCH 11, 1920.

The will to pay is hereditary, just as much as red hair or blue eyes. It is a common fallacy that a man pays his debts because he has money. This is not necessarily true. On the contrary, the matter of paying has only a remote relation to money.

On the one hand is your friend with abundance of money, who can not be capricious, threatened, beaten or gassed into paying the most ordinary debt.

On the other hand, the poor fellow without a visible dollar—you know him—who is loquacious on the invoice. Money has little to do with either case. It is the head of the man.

The man who pays is the man who thinks in advance. He never flashes a roll; he does not drive a car and carry a mortgage at the same time; he does not hang on the fence, or the grocer for food, that he cannot afford to eat; he never fights the fire without wondering where the coal man gets off. He never throws the Bull, nor pitches the bluff, nor gives notes, nor writes checks, dated tomorrow, but when the bills come in, he is there with the coin of the realm, God bless him.

Sometimes he feels sad at the rest of us. He does not see that he gets on any better than the fellow who stinks as he goes. Still he goes on and on, pays and pays, simply because it is in the blood.

And after all, the world does think a lot of his breed. The man who pays is the butler of society. He is the balance wheel of civilization. He is the mainstay of commerce. Business blesses him, and he has honor among men for all times.

—W. H. H. McKEITHEN.

Notice

Boy about 14 years old, height 5 ft. 1 in., blue eyes, fair hair, dressed soldier's shades, Mackinac, blue cap, left home, Saturday, March 13, last, seen at Elkton store, going east. He is wanted for running away from home and for theft. Notify W. J. Novack, phone R1710, or Calgary police.

**Government
Clyde Stallion**

Purline, willing to breed mares to the Clyde stallion purchased by the Alberta Department of Agriculture, "Clyde Masterpiece" 1897, during the season of 1920, will make application to S. G. Carlyle, Live Stock Commissioner, Department of Agriculture, Edmonton, giving name and registration number of mares. A fee of \$25 will be payable at time of service, and a further fee to be fixed by the Clyde Stallion Committee and the Live Stock Commissioner, will be payable when the mare proves to be in heat.

The location of the horse in this province will also be decided by this committee, and arrangements will be made that the service fees in every case will cover the freight so as to equalize cost to parties residing in different parts of the province. Further particulars will be published shortly, but parties desiring to breed mares should make application at once. The stallion will likely be ready to begin the season about May 1st. The Committee and Live Stock Commissioner reserve the right to revise the list of applications and make such rules and regulations as may be deemed necessary regarding the service of this stallion.

S. G. CARLYLE
Live Stock Commissioner.

Glowing displays will be made throughout the store, offering reliable guidance to the Newest Whims of Fashion

For the opening days 8 per cent. discount will be given off all Millinery, Coats, Suits, Dresses, Blouses, Skirts, Shoes, Hose and Dress Goods

A. G. STUDER

Elkton Notes.

We thank Rugby for the very enjoyable evening last Friday.

Mr. Wm. McIntyre has moved onto Mr. McFarlane's ranch, Mr. McFarlane and family having left for B. C.

We are glad to hear that the people at Bergen are all better from the flu.

Mr. Henry McKnight has been visiting around Elkton and Rugby these last few days.

Miss Sheppard has returned from B.C., where she has been nursing the flu.

Well, boys, what do you say for getting together a baseball nine for the coming season.

Billie Hayes has traded off his long-eared drivers to Joe Brown.

Mrs. Chas. Shannon has returned to town after a short visit to Elkton.

Don't forget to meet me at Elkton on Friday night.

What a matter with Bobbie these days? Cheer up.

Mr. Frank Moon is taking over his father's farm for this coming summer.

At the Elkton store last week: Clerk: "Yes, Miss, what can I do for you?"

Miss: "A pair of hose, please."

Clerk: "Oh yes, let me see, what size do you wear, please?"

Miss: "A large one—thanks."

If a man remained home all day every day, his wife would raise Cain because he wanted to go out at night one night.

Rugby Rumors.

The box social and dance held at the Rugby school on the 12th was a success even tho the crowd was small. There was considerable excitement while the boxes were being sold. Mr. Ace Ester was the star of the evening. He seemed to be looking for a box, and until the last box was brought forth, Ace looked as tho he had lost his best friend, but as it was finally brought to sight the look on his face was good to see, and when Ace finally got the box for \$10.00, he seemed satisfied, but we are all wondering what was in the box for after he had partaken of it, he seemed to have a relapse and Ace says a man never knows what he will get now-a-days for \$10.00.

Elkton is always asking when Rugby is going to give them a dance. Well, we notice they do not attend our hops when we give them a chance. Is it our crowds, or what? Still we will not get sore and we all expect to attend Elkton's ball on the 19th.

Pat says it is queer that a man cannot claim his own. Some one is always taking the joy out of life. Never mind Pat, there may be another box social soon.

Mr. Slim Kelbeck furnished the music for Rugby's dance, and all are sorry to learn that Mr. Kelbeck is leaving for Montana this week.

Any one here seen Bobbie? No one seen him at the dance, so we imagine he must be sick.

Our auctioneer need never worry about the h.c. of I, for whenever his ranch goes back on him he can still wield the hammer.

Capt. Lucie seems to have added another bar to his medals, so what is to become of Bobbie?

Important Notice!

Department of Finance

Dominion of Canada

Your Income Tax Return Should be Filed at Once!!

All persons residing in Canada, employed in Canada, or carrying on business in Canada, are liable to a tax on income, as follows:

Every unmarried person, or widow, or widower, without dependents as defined by the Act, who during calendar year 1919, received or earned \$1,000 or more.

All other individuals, who during calendar year received or earned \$2,000 or more.

Every corporation and joint stock company, whose profits exceeded \$2,000 during the fiscal year ended in 1919.

CLASS 1
Forms to be used in filing returns on or before the 31st of March, 1920.

Trustees, executors, administrators, agents, and assignees must use Form T 3.

Employers making a return of the names and amounts paid to all directors, officials, agents, or other employees must use Form T 4.

Corporations and Joint Stock companies making a return of all dividends and bonuses paid to shareholders and members during 1919, must use Form T 5.

NOTE.—Individuals comprising partnerships must use the return in Form T 1 or T 2.

PENALTY
Every person who is required to make this return, who fails to do so within the time limited, shall be subject to a penalty of \$10.00 for each day during which the default continues, in all such penalties shall be assessed and collected from the person liable to make the return in the same manner in which taxes are assessed and collected.

Time Limit

All persons in Class 1, as shown hereon, must file on or before the 31st of March, 1920.

All persons in Class 2, as shown hereon, must file on or before the 30th of April, 1920.

General Instructions
